

Local 21 All-Membership Town Hall Budget Meetings

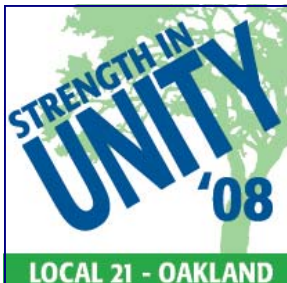

Local 21 has been proactive in engaging our own Budget Specialist to examine the City's deficit and identify potential sources of additional revenue. A year after starting contract negotiations, we're still busy at the bargaining table and in Council chambers.

We're committed to frequent & transparent communication with our members about the City's projected \$83 million budget gap, layoffs, and ongoing contract negotiations. We're approaching a critical point and we need your input!

**All Oakland members are invited to attend a
Town Hall Budget Meeting near your workplace —
Get the latest updates & share your opinion!
*We need to hear from YOU!***
